Construction**

Thomas College

Bartlett Hall

Project Location

Waterville, Maine

Delivery Method

Construction Manager

Designer

JSA Architects, Portsmouth, NH

Project Size

30,000 sf

Sheridan Construction partnered with JSA Architects to bring Bartlett Hall to the campus of Thomas College in Waterville, ME. This project featured a three-story, 30,000-square-foot residence hall.

The facility provides housing for 100 students in cluster style suites. The suites have a mix of double and single rooms, for five, six, or seven students. Each suite offers one or two shared bathrooms and a common hallway space. Each floor in Bartlett has a lounge, with a kitchenette, computer workstations, a large TV, and couches. Bartlett Hall also has laundry facilities, a 24-hour computer study lab, a full kitchen, a conference room, and vending machines on the first floor.

Building on our promise.
