### **Project Location**

Portland, Maine

### **Delivery Method**

Design-Build

### **Designer**

Sheridan Construction

### **Project Size**

19,200 sf

Sheridan Construction was selected by Cargex properties to build an Air Ground Transportation and Trucking Facility at Portland's International Jet port.

This two-story 19,200 square foot facility includes truck and dock loading, aircraft parts and maintenance area, agents office; and a vehicle maintenance area.

**Building on our promise.**
