Construction**

First Park

Business and Technology Center

Client Name

Oakland, Maine

Delivery Method

Design-Build

Designer

Sheridan Construction

Project Size

20,000 sf

Sheridan Construction constructed this spec building in First Park, a 20,000 square foot Premier Business and Technology Center located in Oakland, Maine.

This opportunity was created by the Kennebec Regional Development Authority, which represents all 24 communities that have participated in the development of the business park.

This new building features premium office space for prospective tenants, with the intent to create jobs within our communities.

Building on our promise.
