# Kennebec Savings Bank

Branch Addition

**Project Location**

Waterville, Maine

**Delivery Method**

General Contractor

**Designer**

FCI Associates, Inc. & Architects of Natick, Massachusetts

**Project Size**

11,550 sf

Kennebec Savings partnered with Sheridan Construction to build an 11,550 square foot addition onto their Waterville full-service branch office.

This project includes logistical improvements to the current office space, as well as a 3-story hybrid wood & steel framed addition.

Kennebec Savings' new addition features a brick exterior to match the current campus buildings. Also included in this addition is a 3 stop elevator, and full basement designed to provide additional storage space, and house mechanical and electrical equipment.

**Building on our promise.**
