# Maine Yacht Center

Boating Facility

## Project Location

Portland, Maine

## Delivery Method

Design-Build

## Designer

Sheridan Construction

## Size

37,000 sf

The Maine Yacht Center, in Portland, Maine. A 37,000-square-foot facility intended to act as a storage and maintenance facility in the winter months for customers' boats.

This project features new office space, and 30-foot-high entry doors, with heated maintenance bays for the safe storage of customers' boats. The Maine Yacht Center is now equipped to accommodate nearly any customers' needs.

As the Design-Build contractor, Sheridan Construction was responsible for the engineering as well as the construction of this facility.

**Building on our promise.**
