## Amtrak/NERPA

Layover Facility

**Project Location**

Brunswick, Maine

**Delivery Method**

Subcontractor

**Designer**

Charette Design/Butler Manufacturing

**Project Size**

60,000 sf

Sheridan and Butler Manufacturing have teamed up with the Design team led by Consigli Construction to bring together this 60,000 square foot layover facility.

This 655 foot long structure will house three full-length trains that run from Brunswick, Maine to Boston, Massachusetts.

Sheridan was responsible for the design and erection of the Butler metal building. This new building features an Insulated Concrete form (ICF) walls as well as a Butler MR-24 standing seam roof.

**Building on our promise.**
