

# Owls Head Museum

Transportation Museum

**Project Location**

Owls Head, Maine

**Delivery Method**

Design-Build

**Designer**

Sheridan Construction

**Project Size**

21,000 sf

For their 25th anniversary, Owls Head Transportation opened a 21,000-square-foot addition, designed, and constructed by Sheridan Construction.

This space is dedicated to exhibition, education, and visitor services. This expansion has been added to the north wing of the museum, and houses ground vehicles and acts as a function space, seating up to 400 visitors. Additionally, in the new wing is collection storage, rest rooms, and a renovated front entry.

**Building on our promise.**
