Sheridan Construction was the General Contractor for the Somerset County Jail in East Madison, Maine.

This impressive 93,000 square foot facility houses the Somerset County Sheriff's office, 4 secure pods housing inmates, one "maximum security" pod with increased security measures, commercial laundry and kitchen, state of the art security systems and technology and sallyport.

The project was accelerated to be completed in 16 months due to the quickly deteriorating condition of the existing jail.

**Building on our promise.**
